

# Welcome to Anderstorp Raceway!

---

*This is how it works at our racetrack:*

## **Arriving**

When you are arriving at the main gates to the circuit you will observe the Welcome Center on your right hand side. There you can get your team passes, parking permit and other pre-ordered items.

If some of your team personell arrives later, please leave an addressed envelope containing their passes and whatever they need.

If you should like to buy Grand Stand tickets or extra team tickets this is the right place to do that.

## **Paddock**

When you are all done, pass through the Gate into the circuit and paddock area where you will meet Mr. L-G who is responsible for paddock parking and line-up. He will advise you of your designated area. Parking of team cars is available just outside the Entrance. Parking for lorries, trailers etc. is available in the far end of the Paddock.

## **Registration of drivers**

Registration of drivers and teams is at the race office, close to the main building.

## **Important environmental issues**

We do care for the Environment. Therefore we have prepared an environmentally controlled station - near the toilets (sic).

All teams are responsible for for the waste the team produce! All waste need to be placed at designated containers or to be taken away safely by the Team.

## **Electricity**

There is electricity available in blue boxes all around the Paddock. The fee for this is 625SEK for 10A or 1.250SEK for 16A to be ordered and pre-paid at the Race Office. Any unauthorized connection will be charged a fee of 2.000SEK.

## **Where I am**

Attached is a map showing all important places in the paddock.

### **Testday Thursday**

There is a testday on Thursday 5<sup>th</sup> June according to the timetable attached. Send an e-mail if you plan to participate, to: [ingrid@scandinavianraceway.info](mailto:ingrid@scandinavianraceway.info)
